Dear Year 4 Parents and Carers,

As part of our exciting learning in Year 4 this term, we will be holding a Greece Day on **Friday 2nd October**. This special day will bring together our learning in both History and Geography, giving the children an opportunity to explore different aspects of Ancient and modern-day Greece through a range of practical and engaging activities.

Throughout the day, the children will take part in a variety of Greece-inspired activities, including food tasting, a mini Olympic Games, exploring Ancient Greek number systems and a range of other activities linked to Greek history, culture and geography.

The day will provide an exciting opportunity for the children to experience some of their classroom learning in a different way and to celebrate everything they have been discovering about Greece this term.

As the children will be taking part in physical activities during our mini-Olympics, they should come to school wearing their **normal PE uniform** for the day.

We are really looking forward to an enjoyable and memorable day of Greek-inspired learning!

Kind regards,

Mr Ellis

Year 4 Class Teacher
